

# Letting Go Someone I Used to Consider my Best Friend

Andrea Lopez Cardona

I'll never forget you,  
I know I let you go.  
For a long time, I suffered you.  
"Why did I leave her like this?" I thought  
I blamed myself because I thought that if I hadn't left you  
I would have saved you from the person you are today.  
But, why lie to us?  
If you were pretending to be someone else being with me.  
I preferred to stay away.

I hope you understand my reasons  
I hope you understand what I felt.

Questions invaded my mind constantly  
"If I had stayed, what would we be?"  
"Would I have saved her from who today she is?"  
I realize over time, that things happen for a reason,  
That we must fight in our own prison.  
and that people cannot be saved from themselves

I hope you understand my reasons  
I hope you understand what I felt.  
If we were destined to be sisters by heart  
we will meet again during this path.  
If not, if not, I want you to know,  
I will always be grateful to have had you in my life.  
The idea of being together again  
will never be the same.

I hope you understand my reasons  
I hope you understand what I felt.

I know we'll be fine,  
I'll carry you in my heart and in my memories  
because in my life I can't.  
I guess if we don't ever find the way back to each other,  
I'll see you in another life,  
I'll meet you again then, one more time.

You will be better off, without me,  
And I will try to live without you.  
I hope you understand my reasons  
I hope you understand what I felt.
