

# All or Nothing

Ever since we were placed into this world,  
We had to learn to be independent

Our survival instinct kicks in  
Thrown into the wild to fend for ourselves  
To adapt to an ever changing environment  
To be hunted or be the hunter

If animals are threatened, they must do whatever  
It takes to protect themselves  
*Its in their nature*  
Just like animals, humans can be dependent on others

## *Allies*

My fixation of wanting others to treat me how I treat them  
I always feared of losing people  
It makes me weak

## *Vulnerable*

I'm like a full glass of water  
Little by little, I pour myself into others  
Effort running thin

The nature of the snake is to bite  
*It's in my nature to help others*  
Just because the snake harmed me,  
It doesn't mean I won't tend to its needs

Because you see, it doesn't matter if I can't take that leap of faith.  
How can I go about life if I'm worried about getting eaten alive?

It's all or nothing.
