

Childhood Games

by Hilary N Taveras Adino

Ring around the rosie
games played by people under 10
Kid games
just kid games , but is it?
this is my disorder
my problem
My brain.

Thoughts I can't get rid off. i cant press a button and shut down i have no control towards this battle so how do i win.
I didn't agree to play this game.

I didn't sign up, I didn't even care.

all because my childhood wasn't greener on the other side, breaking parts of me i didnt even know I needed.
changing personalities like if i was given a reason.

Like What was the reason . mommy wasn't nice and daddy wasn't their money bought my happiness but i didn't get a glare my feelings were neglected maybe why it's hard to share

This is my wall and I hope it stays there. The grass is greener on the other side this is my side
and now things have changed

I have my independence even though im under age

Ring around the rosie its all i ever play

Hand to hand with me

Only me is all i ever see

i tried to follow the rules

The many many rules

And till this day I don't know how to end it.

Rosie and I are forever
unblemished.

Untouched .

But I can't wait to break this marriage.
