

Frenemies

They are the after phase.

They become a pain in the friendship.

Imagine being in the same group.

They are trapped.

Making your life impossible.

They are the devil in person.

You become the "I don't want to be here"

They are now the "Now I belong here"

At least you both know you are not going to be a thing.

True friends are the only ones that make possible.

The impossible.
