

No matter how hard I try, I can't stop making girls cry.

You know how sometimes you just want to settle down

2 but you can't because you're toxic and you can't commit

3 You try over and over again with different girls

4 you try to change yourself but still end up with the same outcome.

1. No matter how hard you try, you just can't commit.
2. It's like you just love the attention and feeling each girl gives you,

No matter how hard I try, I can't stop making girls cry...

1 you love watching them risk giving it all away to you, 2 trying their hardest to please and change you..

3 You live for feeding every girl different lies

4 making them feel like they're the specialist girl in the world..

5 You can't commit because you're scared..

6 you're scared to give someone your all,

7 you're scared somebody's gonna do you how you've been doing these girls this whole time

8 You're so used to being around toxicity that you've become immune to it

No matter how hard I try, I can't stop making girls cry...

1 it's attached to you like the skin attached to your body..

2 you're so scared of communicating and learning to be healthy,

3 you let your fears stop you from finding something real and special to cherish.

1. So you keep the same ways, but deep down wonder will you ever change?
2. Will you ever find someone? Will you ever stop being afraid?
3. Will this ever become the old you or will you die old of the same person?

No matter how hard I try, I can't stop making girls cry
