

The smell of flowers
Weird sensation in my stomach
Could it be for my allergies
Or because of the inflation

Roses
Cliche yet formal
Importance of selection
Will she like these?

Thorns
Prickling in my fingers
Eyes distracted
Piles of the same boxes

Chocolates
Dark or milk
Maybe even white
Whichever won't be enough?

Teddy Bear
You already have so many
Why does this one matter?
Just following a list

A Letter
How do I express my feelings
Pre made
Cheap yet effective
Hand written
How do I even express my feelings
