

## Alone Again

By Tristin Hough

My girl told me she loves me and I don't believe it  
It's hard for me to tell What love is when you don't receive it  
I don't really need them because they never really helped  
They just made me feel defeated

I need somebody to help cause I'm losing again  
Lately I've been so alone because I've been losing my Friends  
They promised me forever and I knew it would end  
I'll let somebody hurt me once and they do it again

I just wish I could disappear from all of my fears  
I just wish I had a person to wipe all the tears  
I'll be thinking do they love me do they not  
I just need them to be clear

Is it something I did or maybe something I said  
Ever since I was a kid, I've been stuck in my head  
I heard people only love you when they see that you are dead  
but all I want is love, so I guess I'll take that instead

I don't even have a reason to try  
my whole mindset changed when I believed in a lie  
My mama looked me in my eyes and said I need you alive  
Mom is kind of hard when people want me to die

I'm alone in my head again  
I tried to text her phone. I should've known I'll be on red again  
Now I'm scared because the pain never seems to end  
I wish I was young because then I never had to feel and wonder if anything was real

People just see what they want  
Never try to see how you really feel  
Putting all my feelings away really became a skill
