

## Her

Your scent is so luring.  
Your hugs so warm.  
Your lips so curing.  
Your love, like a swarm.

She will never let you down.  
She will always stick around.  
She's breathtaking in that gown.  
She will save you when you're down.

Her touch is so gentle.  
Her smile, so attractive.  
Though our love experimental,  
with time it went inactive.
